Key Features:

Here's proof that a truly natural mascara CAN be amazing! Our silky, lash-defining mascara is totally weightless yet provides all day color. The smooth light-as-a-feather base boasts zero clumping due to the absence of clay in the superior lash-conditioning formula. Bat your eyes and flutter your lashes without flaking and smudging. Perhaps best of all is that this botanically-enriched mascara is paraben free. Water-resistant, work-out proof. Not water-proof.

Beauty Tips:

- 1) Apply one coat for a natural, eye-defining look.
- 2) Drama queen? Apply two coats. Unlike traditional mascaras that clump after one coat with lashes stuck together (making application of a second coat nearly impossible,) our mascara remains light and silky. You can easily apply that second coat to get a more dramatic look without harming delicate lashes.
